

1ST ANNUAL ANCIENT GAMES CLAN VS CLAN

SACKETS HARBOR YMCA

This event was inspired by old world clans that were tested and challenged by war and famine. They learned that the strongest clans worked together and never gave up. So every time they were challenged, regardless if they won or lost, it made their clan stronger. They learned if they worked together they always had a chance. These games will teach us how to work together with respect for one another. They will teach us that we all have responsibilities that are important for a healthy successful life. When we compete a task with integrity and care for one another, we can never truly lose.

- 10 competitive team challenges
- Each completed challenge will earn the team points
- Each team must have an adult over 18 and at least one child
